Zurich, 2 September 2026

AZ systems AG is a proven specialist in building automation. Its range of services includes solutions for controlling, regulating and optimising heating, ventilation, air conditioning, lighting and shading. With these areas of expertise, the company ideally complements the other Group companies in the Canton of Graubünden that are already part of the Burkhalter Group.

The sale is taking place with a view to systematically developing the services of AZ systems AG within a larger group and strengthening its market position in the long term. Corsin Alig and Martin Eckoff, co-managing directors of AZ systems AG to date, will continue to run the company together as co-managing directors. The location and company name will remain unchanged, and all employees will retain their jobs.

The targeted acquisition of companies in the building technology sector remains a key component of the Burkhalter Group's growth strategy.
